ANDROID DEVELOPER

Damir Dizdarević

I am a dedicated and ambitious individual known for my strong work ethic and systematic approach to tasks. With a knack for creative problem-solving and effective communication, I thrive in collaborative settings. Punctual and reliable, I prioritize meeting deadlines and fulfilling responsibilities. Always eager to learn and grow, I embrace new challenges as opportunities for personal and professional development.

WORK EXPERIENCE

2023-NOW

FREELANCE

- Freelance

2022-2023

K7TECH

- Created a home fitness app from the ground up.

2021-2022

CINNAMON

- I contributed to the development of Ping, an app for managing notifications and replying by voice, and iMessage, facilitating cross-platform messaging between Android and iOS devices.

2018-2024*
